

TASK: painting a wall

Goal: learn painting technique

JOB DESCRIPTION:

Applying primer to the wall.

Tools:

- primer
- roller + brush
- ladder
- rag

Safety:

With the use of:

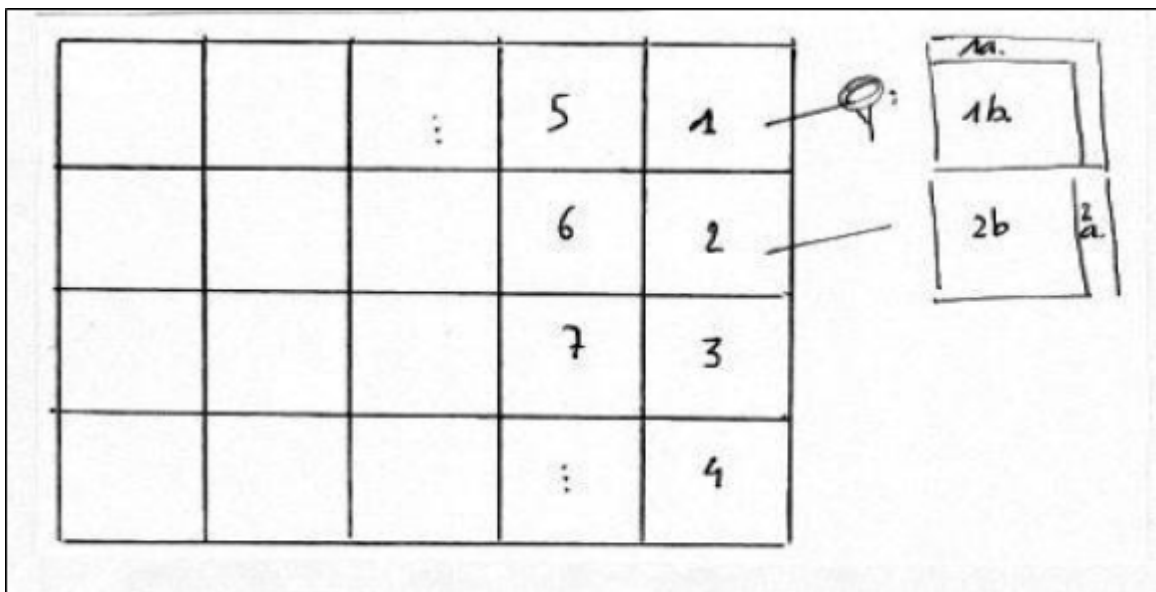

- synthetic thinner: mask, gloves
- ladder: Place the ladder on a firm and flat surface. Place the ladder at a safe angle: 65° – 75° . Always climb facing the ladder and your center of gravity directly above the step. Move the ladder in time, so that you never have to reach further than one meter.

Implementation / Evaluation criteria

Continue assignment in real situation:

Paint the wall using the working drawing below:

First with brush side (1a) then with roller (1). Distribute paint well. This is best done by first making a cross with a roller, then distributing paint horizontally and then smoothing it vertically. Bridging the next level a bit (wet on wet). Bridging the shortest side.

Basic competencies

- Being able to plan own work	+	-
- Instructions regarding safety, health, hygiene, environment, welfare and quality.	+	-
- Be able to prepare surfaces for painting and wallpapering.	+	-
- Being able to perform basic painting techniques.	+	-

Feedback	
Feedforward	

Legend of the basic competencies.

Being able to plan your own work:

- Being able to set up a workplace
- Being able to carry out a work sequence
- Be able to use technical information
- Being able to use working drawings

Being able to carry out instructions relating to safety, health, hygiene, environment, welfare and quality:

- Being able to carry out hygiene regulations
- Being able to sort and store waste and residual products
- Being able to keep a working environment orderly
- Be able to maintain tools and protective equipment
- Being able to implement safety measures
- Being able to work ergonomically
- Being able to evaluate one's own work

Being able to prepare surfaces for painting and wallpapering:

- Be able to clean surfaces for painting and wallpapering
- Be able to remove old paint and covering materials
- Being able to repair and fill wooden and plastered surfaces for painting and wallpapering
- Able to sand surfaces for painting and wallpapering
- Being able to apply base coats for painting and wallpapering.

Being able to perform basic painting techniques:

- Being able to create color tones for painting
- Being able to use a color system for painting
- Be able to align surfaces for painting
- Being able to prepare paint for painting
